

# CORDILLERA GREAT TRAVERSE

PHILIPPINES

The **Cordillera Great Traverse (CGT)** is an expedition which aims to establish the longest, most scenic and sustainable hiking/trekking destination in the Philippines by connecting the six provinces and the chartered city of Baguio of the Cordillera Administrative Region (CAR).

# Our Goals

## Connect

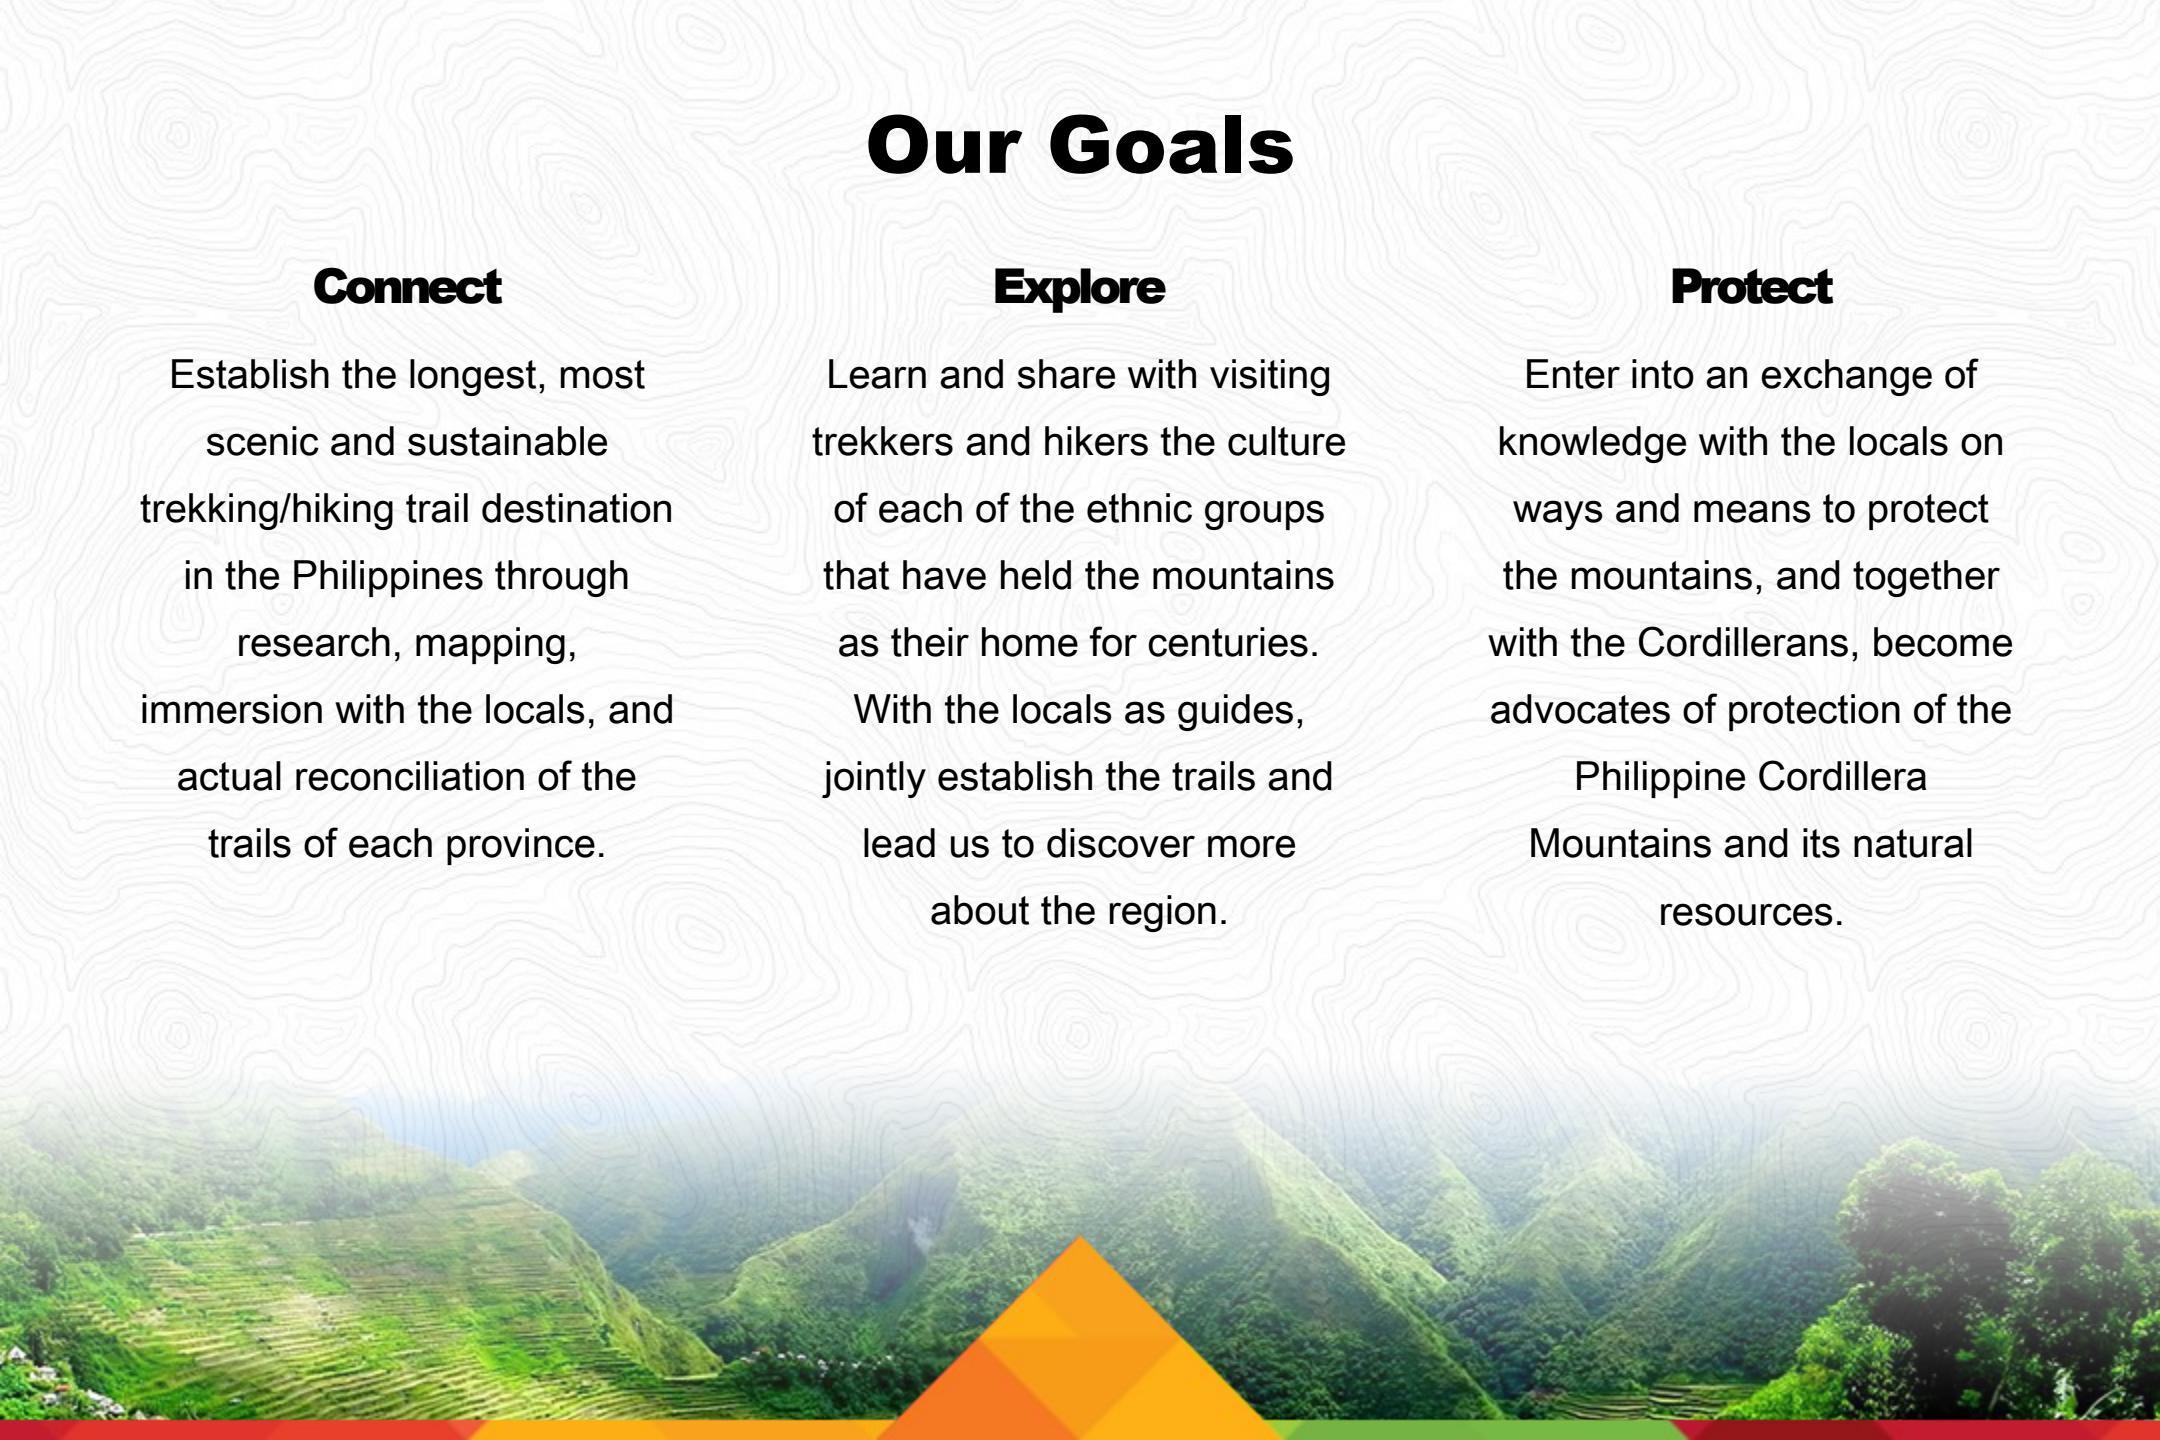

Establish the longest, most scenic and sustainable trekking/hiking trail destination in the Philippines through research, mapping, immersion with the locals, and actual reconciliation of the trails of each province.

## Explore

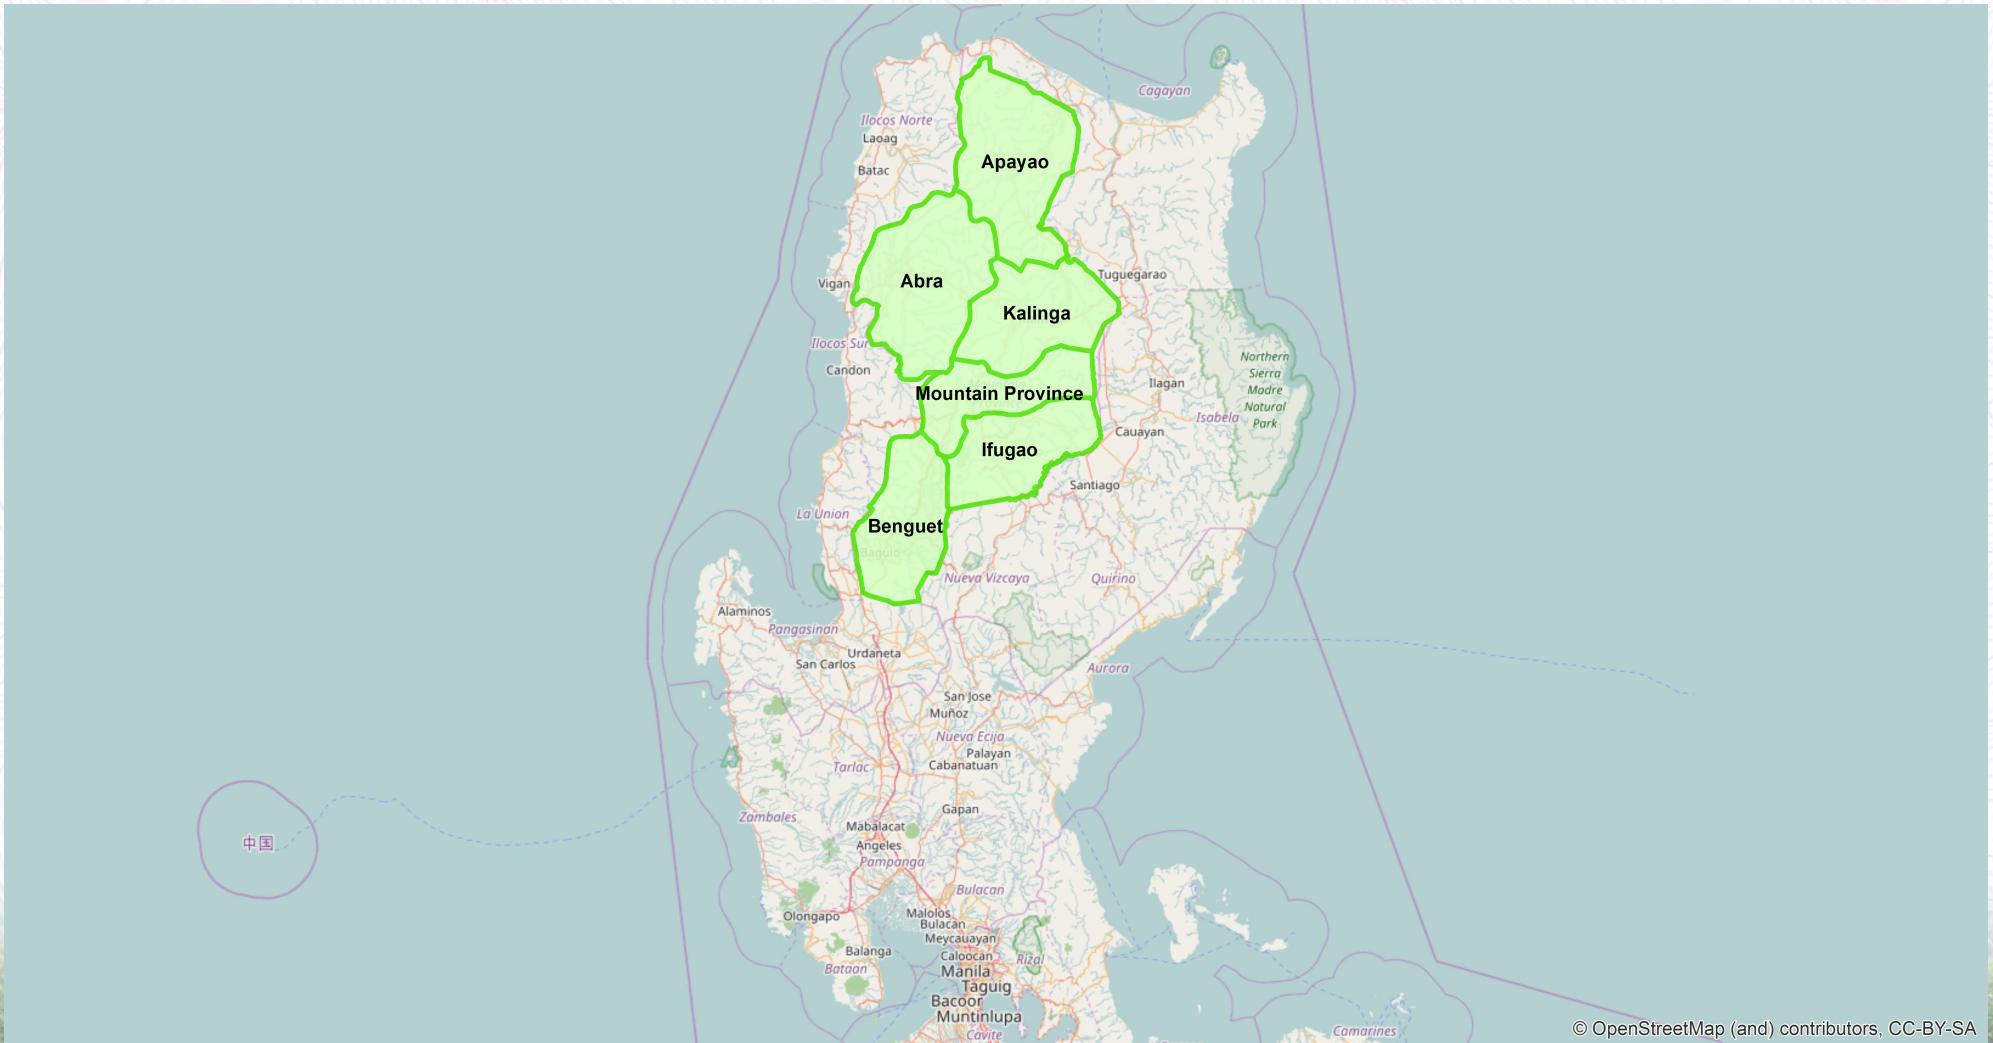

Learn and share with visiting trekkers and hikers the culture of each of the ethnic groups that have held the mountains as their home for centuries. With the locals as guides, jointly establish the trails and lead us to discover more about the region.

## Protect

Enter into an exchange of knowledge with the locals on ways and means to protect the mountains, and together with the Cordillerans, become advocates of protection of the Philippine Cordillera Mountains and its natural resources.
